The Tramway having been designed only for timber traffic, no regular passenger service is undertaken, or permissible. Those who have to go to the hills in connection with the working of the forests or tramway, are allowed to do so either under free passes, or permits for which a nominal charge is levied. A uniform rate of Re. 0—2—6 per head is charged, irrespective of distance for those travelling in empty timber-trucks, or Re. 0—6—9 for those in brake-vans. A brake-van may be placed at the disposal of visitors who are permitted to travel under the special sanction of the Government, on a charge of Rs. 50 for a journey from Chalakkudi to Parambikulam and back.
